Test Results: The present materials comply with the international standard ISO 8317:2015.  
The complete description of the presented material, the results and findings of the tests are given in the report **DW/dw/CR-16.031** of **19/05/2016** which is inextricable to this certificate

The Belgium Packaging Institute Ltd, Z.1. Research Park 280, B-1731 Zellik, certifies the here above mentioned statements. In case of a family range, all new intermediate volumes must be evaluated by the owner of the certificate that they have the same essential characteristics as the original tested volumes. In case of doubts, this can be verified by the testing house and if in compliance be stated by them. Any change of the presented material or production method involves a new series of conformity tests on the modified packages to be performed by the Belgium Packaging Institute.

**The certificate and report are valid for an unlimited period as far as the production method remains identical and the packaging remains within the specifications of the tested samples. This is also valid for intermediate volumes in case of a family range and under above mentioned conditions.**
